EXPERIENCE

Project Manager · McMillon Innovation Studio — Spring 2026 – Present
University of Arkansas · Walton College of Business

- Lead the studio's student team partnered with Workday.
- Built Members Moments, a shoppable creator video prototype, with Sam's Club; advanced through the competitive pitch round to Demo Day, Spring 2026, the studio's largest cohort (18 teams).

Analyst · S.C.A.L.E.ai — Fall 2026 – Present
Part-time · University of Arkansas supply chain simulation company

- Aggregate simulation data from the master's and freshman sections and build weekly PowerPoint summaries of the results.

Developer · Hollis Bloom — 2019 – Present
Part-time · Dallas, TX

- Grew from the company website's front end to running app development for its work-order platform: 2,000+ work orders a year for three enterprise clients.
- Integrity Marketing Group (client, Summer 2026): shipped the work-order system its Fountain Place facilities team runs daily, unifying 5 intake channels (web, email, iOS, Siri, Teams) into one routed queue.
- Built the Microsoft Teams integration, rolling out to Integrity's ~450-person Shared Service Center, that staff use to file jobs and get daily briefings.
- Built client payment and donation flows (Stripe ACH, QuickBooks), including Prison Chapels' online donation system.

Developer · The Farah Law Firm — 2023 – 2025
Part-time · Dallas, TX

- Built and ran a tool (written in C) that automates eviction casework, saving the firm 2+ staff hours a week; since adopted by firms in Texas and Louisiana.

Founder · Dimensional Design 3D — 2014 – 2020

- Started the 3D-printing business at eight; ran design, production, and sales to four-figure revenue, selling mainly to other students.

PROJECTS & COMPETITIONS

S.C.A.L.E.ai Supply Chain Simulation Walton College · Spring 2026
Built a cost-tracking model to run a simulated company and won the entire cohort of 450+ students with the highest net profit; ended with $103,421 in cash.

Wharton Global Youth Program The Wharton School · 2024
Essentials of Entrepreneurship: elected team CEO and won Best Presentation in the program's competition.

AVR Drone Highland Park HS Robotics · 2024
Captained the team behind an autonomous competition drone (A* pathfinding): 4th at Bell Advanced Vertical Robotics nationals, 2nd in presentation.
